

Aranyakam

NATURE FOUNDATION

Video Reel Competition

For students

The Aranyakam Nature Foundation showcases the strength of diversity in its team, which consists of dedicated individuals from various sectors, including research, education, and technology. This multidisciplinary team is united by a shared passion for nature, working collectively towards a future where natural ecosystems flourish for generations. Their activities span a wide range, including educational sessions illuminating aspects of natural history and wildlife conservation and hosting captivating competitions. These initiatives aim not just to spread knowledge but to foster a deep reverence for the marvels of nature.
